

MILL HILL CASE STUDY

WHO ARE MILL HILL?

Mill Hill School was founded in 1807, when its founders wisely chose its location on the top of a hillside for its fresh air, safety and natural beauty. Mill Hill's family of schools offers co-education from ages 3-18.

Mill Hill aim to strive for excellence in education and develop all the students who study at their school with moral integrity and confidence to stand up for what they believe in. They have a true sense of community and a very diverse range of students.

WHY DID MILL HILL CONTACT UNIADMISSIONS?

To ENSURE A HIGH OXBRIDGE ADMISSION

SPECIFIED PRACTICE FOR THE TESTS REQUIRED

APPLICATION PROCESSES CHANGING EACH YEAR

There are roughly 15 prospective Oxbridge students from Mill Hill who the school wanted to provide expert support to help them succeed. The school has enjoyed good Oxbridge admissions rates but wanted to keep up this good record.

The staff at Mill Hill are well-versed when it comes to Oxbridge applications, but because the tests and requirements are changing every year, they looked into external ways to improve the success chances of their students.

The students from Mill Hill, and also some students from nearby schools, wanted to apply to study a wide range of subjects, some of which had newly instated admissions tests.

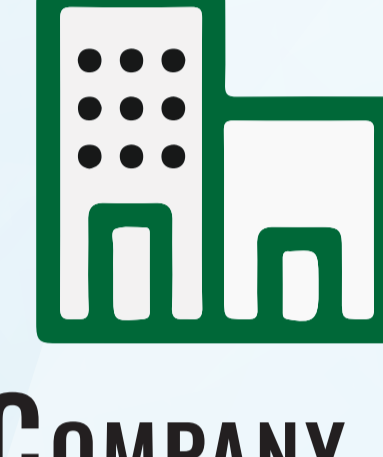

WHY UNIADMISSIONS ABOVE OTHER COMPANIES?

COMPANY A

UNIADMISSIONS

UA

COMPANY B

Mill Hill looked into a few different companies which offered what they were looking for in terms of Oxbridge advice and help. They found that many companies were able to offer parts of what they wanted, but none apart from UniAdmissions were able to offer support at every stage of the application.

STUDENTS ELIGIBLE FOR COURSES ATTEND IN LONDON	13TH OCTOBER
INTERVIEW TRAINING COURSE IS HELD IN LONDON	2ND DECEMBER

WHAT DID MILL HILL THINK TO OUR SERVICE?

"We at Mill Hill School have worked with UniAdmissions since the company was established and that is mainly due to the professionalism and excellent interaction experienced from working with Rohan and David.

Whatever we have asked for has always been accommodated. We have always treated us as individuals with the services provided tailored to our specific needs. Throughout my time in advising on Higher Education, we have worked with other external providers in supporting our pupils with their competitive applications, but have at times, been disappointed when we have felt that our needs have not been paramount in terms of the service being provided.

The tutors that UniAdmissions employ are knowledgeable and able to interact effectively with our pupils, engaging in a dynamic and positive way to help them maximise their potential. UniAdmissions have been able to offer a range of support both in-house and external to the School environment that has been of an excellent standard year after year."

LESLEY SHARPLES

Head of University & Post School Guidance

Mill Hill came to us firstly with extensive requirements to cover all bases when it came to their student's applications. Support on every step of the application process is one of our key USP's - something not many other companies are able to offer, and especially not for such a wide range of subjects.

Mill Hill also hosted students from other nearby schools which we were more than happy to accommodate for. We felt the students at the school really made the most of the resources and services we offer such as unlimited personal statement re-drafts and admissions test writing submissions to be marked by tutors.

The school was so satisfied by our service that they booked 5 years of annual support with us for their future generations of students. By getting to know the school, the teachers, and what they expect of their students, we intend to improve on our performance every year we continue to work with the school.
